Projects

ZOOPOCALYPSE

Role: Developer

Tech: NodeJS, Express, MySQL & Sequelize, React, React Router, Twilio, Passport, and bcrypt

A playground for word challenges.

Geared toward children, this app aims to help children learn to spell while releasing animals from their cages.

Zoopocalypse began as our groups final project in the Full Stack Web development bootcamp. We are continuing development of this app.

Academic History

UNIVERSITY OF TEXAS AT AUSTIN

Full-Stack Web Development Bootcamp

- Graduated January 2019

GUESS THE COMPOSER

Developer

Tech: CSS, Bootstrap, Javascript, jQuery

Inspired by the all too frequent drop the needle listen exams taken during my musical education. This app starts each piece from the beginning and asks the user to guess the composer name in a hang-man style game.

UNIVERSITY OF TEXAS AT AUSTIN

Master of Music, Opera Performance

-Butler Opera Center Class of 2015
